#### Letter of reference

Clientelo was involved in the design and construction of a website for AM BUS Tours Ltd (trading as Bustourant).

Clientelo originally prepared an outline of the website design, it was in line with the concept that we had and successively have been adding all the solutions indicated by us. Mr Daniel Wilczak, who was involved in our project, appeared to have a full understanding of the purpose of our company and tailored the website to our needs. The agency also showed a lot of patience and flexibility. It responded to all our requests and a huge number of questions in a very quick and friendly manner. Due to the distance between our offices this was very important part of our relationship as most of our communication was held by e-mail.

Our cooperation and their professionalism and comprehensive service allow us to fully recommend Clientelo as a professional partner offering services at the highest level.

With the hope for equally successful cooperation in the future I would like to thank the whole team involved in our project, especially the above-mentioned Mr Daniel Wilczak and Ms Patrycja Mochalska for their contribution.

Agnieszka Napierala

Director AM Bus Tours Ltd
